

## Taft Prepares For Changes In His Labor Law

WASHINGTON (AP) — Sen. Taft of Ohio is planning some changes next year in the long-disputed labor-management relations law that bears his name.

Two of the amendments are expected to meet specific objections voiced to the Taft-Hartley law by President-elect Eisenhower.

An aide to the Ohio Republican said today that considerable drafting work already has been done on the amendments.

**Basic Idea To Stay**

Many of them will be similar to the 28 changes which passed the Senate in 1949 but stalled in the House. Taft says the 1949 amendments died because the unions wanted repeal or nothing and felt repeal had a chance under a Democratic administration. He is said to believe that the unions will be more co-operative in the 1953 session, which will be Republican-controlled.

Despite his willingness to re-write portions of the law, Taft is insistent that its basic principles be left unchanged.

The two changes favored by Eisenhower and planned by Taft are: A requirement that company officials take the non-Communist oath if they wish to use the act, as union officials now are required to do.

Removal of the ban on voting in representation election by strikers who have been replaced in their jobs. Eisenhower has called this a possible "union-busting" feature. Taft does not agree but says the amendment is desirable anyway.

**Holds Whip Hand**  
Taft says he has no intention now of pushing for one change which organized labor would fight bitterly—a ban on company or industry bargaining on a nation-wide basis.

Taft will be in position to speed and guide the revision of the Taft-Hartley Act as chairman of the Senate Labor Committee. He held this post in the 80th Congress, when the law was passed over President Truman's veto, and has indicated he will take it again.

Sen. Morse of Oregon, also on the labor committee, told a reporter today he would be glad to co-operate in a reworking of the law which he long had assailed. He said he could support a revision patterned on the 1949 amendments if Taft modified his stand on injunctions and secondary boycotts.

Morse bolted the Republican party and backed Democratic nominee Adlai Stevenson in the presidential campaign, declaring himself an independent in the Senate.

## Convicts Starve; Go To Hospital

TRENTON, N. J. (AP) — Eighteen convicts from Trenton State Prison—some of them leaders of last spring's riots—are in the state hospital today as a result of a week-long hunger strike.

The entire group was transferred from a segregation wing last night on the advice of physicians who said the prisoners should be under 24-hour medical supervision.

Acting Warden Lloyd McCorkle said the 18 convicts probably found it difficult to damage anything in the prison's segregation wing so they "apparently decided to damage themselves."

The hunger strikers gave no reason for the action, voiced no complaints and made no demands during their seven days without food, said F. Lovell Bixby, deputy commissioner of institutions and agencies.

They were offered food every day, Bixby said, but turned it down. There was no disturbance anywhere in the prison, he added, even from those convicts transferred to the hospital.

## Greenfield, Ill., Man Still Active At 101

GREENFIELD, Ill. (AP) — Sylvester Melvin, who will be 101 years old tomorrow, is believed to be one of the nation's oldest active business men.

Melvin is secretary of the Green County Mutual Fire Insurance Company and is associated with his grandsons in raising registered cattle. He is a regular churchgoer.

Melvin and his wife observed their 72nd wedding anniversary last Oct. 19.

## Chickens Burn Up

(By The Associated Press)  
OTSEGO (AP)—Four thousand chickens were lost in a fire Thursday which destroyed a building in Otsego owned by John J. Gossman. Gossman was able to save another 3,000. The chickens were to have been marketed Sunday.

**KOREA PREPARES WELCOME**—Although there is a blackout on news of President-elect Eisenhower's upcoming trip to Korea, the Korean people are all ready and they want him to know their sentiments. ## Eisenhower Picks 2 Executive Aides

NEW YORK (AP)—President-elect Eisenhower has chosen James C. Hagerty as press secretary and retired Maj. Gen. Wilton B. Parsons as special assistant.

Selection of the two executive aides was announced yesterday by Eisenhower's headquarters while he rested at his home preparing for what promises to be a heavy week end schedule.

**Happy To Serve**  
Included in the round of appointments today were meetings with India's top United Nations delegate and CIO chieftains.

The 43-year-old Hagerty was at his home in Albany, N. Y., with his wife and two sons when informed of his appointment. Hagerty, who served as press

## Fighting Private Awarded DSC

WITH U. S. EIGHTH ARMY.  
Kore (AP)—An American soldier who kept firing his machine gun despite an almost useless right arm...who used a pistol and hand grenades when his ammunition was exhausted...and who personally accounted for more than 100 Red casualties has been awarded the Distinguished Service Cross.

The soldier is Pfc James V. Cline of Rea, Pa., machine gunner in Company M, 179th Regiment, U. S. 45th Infantry Division.

The Communists launched a mortar and artillery bombardment last June 15 against a hill near Karhyon which was defended by Company M. An exploding artillery round overturned Cline's weapon and buried the crew.

Hurriedly digging his way out and cleaning his gun, Cline fired at the advancing Red infantry until he stopped their assault.

He turned back a second wave of attackers by destroying their machine gun with direct fire from his own.

Cline next wrecked a pack howitzer being operated in support of a third wave of the enemy. The howitzer had fired only one round when he found its range and killed the entire crew.

He was wounded shortly thereafter by an exploding grenade. Although both his legs were riddled with shell fragments and his right arm was all but useless, Cline swung his gun around and fired continuously into the still advancing enemy troops, successfully hurling them back.

When his ammunition was exhausted, he used a pistol and hand grenades to help drive the Reds from the U. N. position.

Another grenade wound, this one in the face, finally forced his evacuation for medical treatment.

## Aunt Found Trapped Under Her Dresser

NEW YORK (AP) — A man calling to take his aunt out to Thanksgiving dinner found her pinned under a five-drawer dresser, where she apparently had been trapped for four days.

Miss Emma Benson, 55, a semi-invalid who has lived alone for 10 years, suffered multiple fractures of the spine. Hospital officials said she was in critical condition.

Her nephew, John A. Benson, called police to help him break down the door to her apartment when there was no answer to his knock yesterday. Neighbors hadn't seen her since Sunday.

## Treaty Faces Tes.

BONN, Germany (AP)—The lower house of the West German Parliament votes next week on ratification of the European Army Treaty—a crucial test for the revolutionary plan that would link the armed forces of France, West Germany, Italy, Belgium, the Netherlands and Luxembourg under a single command.

## Delegates Of CIO Convention Gather To Pick President

ATLANTIC CITY, N. J. (AP) — Delegates to the 14th CIO convention gathered here today for a showdown on the selection of a new president.

The task of picking a new chief to fill the post left vacant by the death of Philip Murray might lead to an open and public fight. Since early this week, top CIO leaders have been meeting in New York and Washington in an attempt to make a choice.

**Two Top Contenders**  
So far, they have reportedly remained deadlocked. The only avowed contenders for the organization's top spot are Walter P. Reuther, president of the auto workers, and Allan S. Haywood, who has the support of the steel workers union.

High CIO officials meet in executive session this afternoon to continue their earlier talks. Among them will be nine vice presidents and Secretary-Treasurer James B. Carey.

The actual convention—which lasts a week—doesn't get under way until Monday morning. And a busy week it will be, with many prominent speakers scheduled to appear.

**Floor Fight Possible**  
But the selection of the new president will overshadow all other convention proceedings. Reports have circulated that Reuther

Yesterday's other appointee, Parsons, 56, served on the general's NATO staff in Europe and recently acted as assistant to the chairman of the Republican National Committee. His legislative experience includes liaison work with Congress on behalf of the Army and Defense Departments. He also served as superintendent of the Staunton (Va.) Military Academy.

Parsons, a native and resident of Montgomery, Ala., is a brother of Democratic Gov. Gordon Parsons of Alabama who strongly supported Gov. Adlai Stevenson in the election campaign. The new special assistant was graduated from Alabama Polytechnical Institute and acquired a Masters Degree in the School of Business Administration at Harvard University.

Gov. Sherman Adams of New Hampshire, designated by Eisenhower last week as assistant to the president, said Parsons will work under his overall co-ordination and will deal mainly with legislative matters.

## Gov. Stevenson Holds Up Talks

SPRINGFIELD (AP) — Gov. Adlai Stevenson says he plans to spend no money for future radio or television addresses until "substantial" campaign deficits are paid off.

The defeated Democratic presidential candidate said yesterday he has received some 70,000 letters and telegrams since the Nov. 4 election. He said in a statement:

"Many have urged that I make future radio and television addresses. Some have sent contributions to pay for such appearances, and I understand several local groups have already been organized to purchase radio and television time."

"I am gratified by these expressions of continued interest in what I have to say, but I cannot make precise plans for the future at this time. Further, the Stevenson campaign headquarters in Springfield and the Democratic National Committee both have substantial deficits which I feel should be paid off before funds are raised for any future activities by me. This is my first concern."

Stevenson did not say the amount of the deficit incurred by the campaign.

## Britain To Turn Back Coal-Steel Industries

LONDON, Eng. (AP)—The British House of Commons has approved in principle the Conservative Government's program to turn the country's nationalized coal and steel industry back to private control. The vote was 305 to 269. The measure calls for disposing of the properties by auction any time after next Easter.

## Resolution With OK Of UN Puts Korea Peace Up To Reds

By OSGOOD CARUTHERS  
UNITED NATIONS, N. Y. (AP)—The United Nations pushed toward a vote today on India's Communist-condemned plan for ending the Korean War. With U. S. support pledged, its adoption in the face of bitter Soviet bloc opposition was expected by an overwhelming majority.

Despite the rejection by Peiping, Moscow and Pyongyang, the Indian compromise prisoner of war resolution was being shoved through by the non-Communist nations to place responsibility for throwing down a Korean peace squarely on the shoulders of the Reds.

**Eager For Vote**  
India's V. K. Krishna Menon, who drafted and introduced the resolution, was to give his final arguments—apparently in another attempt to overcome the Communist objections—before the general Assembly's Political Committee this afternoon.

Committee Chairman Joao Carlos Muniz of Brazil told the delegates yesterday he was eager to have a vote on the Indian resolution during today's session as soon as Menon speaks.

Secretary of State Dean Acheson let it be known through a spokesman yesterday that the U. S. delegation has accepted the changes Menon has made in his resolution spelling out in more detail the final destination of prisoners who resist repatriation to their Red-ruled homelands.

**Amendments Adopted**  
The Americans had demanded these changes before supporting the Indian plan. As amended, it calls for a repatriation commission to take charge of all prisoners, and for the U. N. to take over the resettling of all POWs not repatriated within five months after a Korean truce. U. S. support and that of the 20 Allies who co-sponsored an American resolution on Korea assured the passage of the Indian plan by a wide margin.

A U. S. spokesman said his delegation would favor a Danish amendment shortening the period to four months but would not press for it. Other amendments on details and mechanics were expected to get the support of many nations in the committee.

Soviet Foreign Minister Andrei Vishinsky also has introduced amendments to the Indian resolution. Western delegates charged yesterday they only transformed it into Russia's own demand that all prisoners must be forced to go home whether they want to or not.

**Vishinsky Irked**  
The debate became increasingly vitriolic yesterday when France, Australia, Canada and New Zealand accused the Russians of wishing to prolong the war in Korea and charged that Vishinsky had tried to trick the Assembly into perverting the sense of the Indian resolution.

Vishinsky scathingly replied that these delegates, by attacking him personally, had taken the position of "lap dogs barking at an elephant."

He and his allied delegates from the Ukraine and White Russia held out that the Russian resolution, calling for an immediate cease-fire followed by a political conference to settle the POW and all other Korean questions, was the only way to peace in that battle-scarred peninsula.

Vishinsky heaped more scorn on the Indian resolution, saying it was "rotten" and would not solve the Korean problem.

## Crafty Murderess Winnie Ruth Judd Makes 6th Escape

PHOENIX, Ariz. (AP) — The out-again-in-again trunk murderess, Winnie Ruth Judd, led searchers a baffling chase today after her sixth escape from the State Hospital for the Insane.

Red-haired Winnie squirmed out through a sawed window screen last night.

With her customary craftiness, she left nothing to show just how she circumvented the many precautions taken to keep her in.

**Saved From Gallows**

It was her second escape this year from the hospital where she

has been confined since 1933. In 1931 she killed two girl friends and shipped their dismembered bodies to Los Angeles as baggage. She was sentenced to be hanged but was found insane just 72 hours before she was scheduled to go to the gallows.

Her flight last night set off a frantic search not only for 48-year-old Winnie but for an unknown accomplice or accomplices.

**Help From Outside**  
"She had help some way or other to make the escape," said Dr. M. W. Conway, hospital superintendent.

Sheriff's Lt. Frank Mitchell agreed. "She definitely had help," he said.

Mitchell led a band of officers and hospital attendants on an unproductive search of the dark, shrub-dotted asylum grounds.

This, Dr. Conway said, is how Winnie got out:

About 7:30 p.m. last night she complained of a headache and said she was going to take a bath. She went into the bathroom, carrying a robe over her arm. Fifteen minutes later an attendant looked in and she was gone.

A hole 15 inches square gaped in the wall.

SEUL (AP) — Korean warfare ebbed to a series of minor clashes today with Allied troops fighting the largest action to rescue one man—a missing infantryman.

He was rescued, unhurt, but not until after an Allied raiding party, supported by tanks and artillery, fire, beat off 40 Chinese.

The U. S. Eighth Army reported the dramatic scrap to save the GI occurred northeast of White Horse Mountain, on the Central Front. The soldier, not identified, was missing after a raiding party withdrew to order artillery fire on Red positions.

The raiders went back into no-man's land, ran into a platoon of Chinese and called for artillery support. Big guns responded and, a bit later, tanks rumbled into the area. The raiders found their soldier there.

There were no other details at Eighth Army headquarters.

Only four other skirmishes—all of them smaller—were reported elsewhere along the cold, 155-mile front.

Thick clouds over North Korea hampered strikes at Communist supply arteries.

**Too Much Red Tape**

MOSCOW (AP)—Steel workers in the Kuznetsk Basin of Central Siberia protested in Ivestiya today about red tape. They said their factory received from the Kharkov Institute of Fire Bricks a questionnaire containing 1,487,400 questions to be answered. They estimated it would take 50 persons working full time six months to fill in all the blanks.

## Bodies Of Babies Found In Burned Ruins Of C-54

TACOMA, Wash., (AP) — A four-engined military plane from Alaska crashed in flames in a field south of here shortly after midnight and 36 of the 39 aboard were believed dead.

While scattered fires still marked the scene of the post-holiday tragedy, Deputy Pierce County coroner Larry Amundsen said 36 were dead or missing.

The plane carried servicemen and dependents. The bodies of four babies were among those found scattered at the scene of the disaster.

**Hit Tree In Fog**  
At least two witnesses to the tragedy said the plane was afire as it "whooshed" down to a tree-flanked field about a mile from its destination at McChord Air Force Base.

Capt. Jack Easley, public information officer at McChord, said the early reports to the base were that the plane struck a tree while coming in through the heavy fog for a ground-control approach landing.

All but a section of the tail was destroyed in the resulting fire and explosion. Bodies were scattered over 200 feet from the wreckage.

McChord Base reported the transport, a C-54, was circling for an approach to the field when the disaster struck.

**Wing Appears Aflame**  
Art Getchman, 18, who was driving nearby, and Philip Bolden, a McChord taxi driver who said the plane flew low over his home, were the witnesses who said the plane appeared to be afire.

Getchman thought there was fire in an engine on the left side; Bolden said it "looked like the entire right wing was afire."

Both said the plane was extremely low.

Getchman told a reporter: "I (Please Turn To Page 6, Col. 6)

MARSHALL (AP) — Calhoun County authorities conferred today over the placing of a possible murder charge against Mrs. Mildred Sloan, 24, mother of two children.

The consultation followed the death yesterday of Miss Helen Reynolds, 22, who police said was shot by Mrs. Sloan.

In the background, police said, was a story of a wayward husband and his neglected wife's resentment.

Miss Reynolds died in Oaklawn hospital. She had been shot by Mrs. Sloan as she sat in a parked car with Mrs. Sloan's husband, Eugene, 24, at 1:15 a. m. last Saturday, police said.

An autopsy was scheduled today.

Police said that Sloan admitted keeping company with Miss Reynolds, a co-worker at an aluminum company plant here.

Since the shooting Mrs. Sloan has been held in the county jail. She has been unable to post \$25,000 bond.

Mrs. Sloan was charged with assault with intent to commit murder. Her examination on the charge was set for Dec. 4. She stood mute at her arraignment.

# Docks Thaw Ore After Freeze-Up

The first big freeze of the season recruited into service yesterday a crew of dock workers to thaw the iron ore welded solid in about 250 C&NW ore cars.

Thawing operations were begun Thursday morning on the docks where dock men fought frozen ore with hot water.

The steam plant at the ore yards on the Danforth road was thrown into service this afternoon for the first time in the 1952 season, it was reported by Dock Agent L. A. McMillan.

**Late Freeze This Year**  
Steaming and hot water hosing are the standard methods used to thaw ore for loading into ore boats.

With unseasonably mild weather this month, thawing was not necessary at the local docks until yesterday. In former years cold weather brought about earlier thawing than was necessary this year, McMillan stated.

About 150 cars had been heat-treated by this morning in the commencement of the seasonal operation.

The cold spell and lake storm which brought the ore freezing abated enough yesterday to allow resumption of navigation on Lake Michigan.

Two ore carriers which were delayed in their scheduled trips to Escanaba arrived last night and this morning.

**Loading Resumed**  
With their coming crews were called to work to thaw the frozen ore for loading on the boats—the J. R. Fink and the steamer La-Belle.

The local Coast Guard station reported this morning that the USCG Hollyhock, docked here during the lake storm Wednesday and Thursday, went out into Little Bay de Noc this morning to continue picking up buoys in this area.

## Aged Danforth Man, John Tocklin, 75, Found Dead In Home

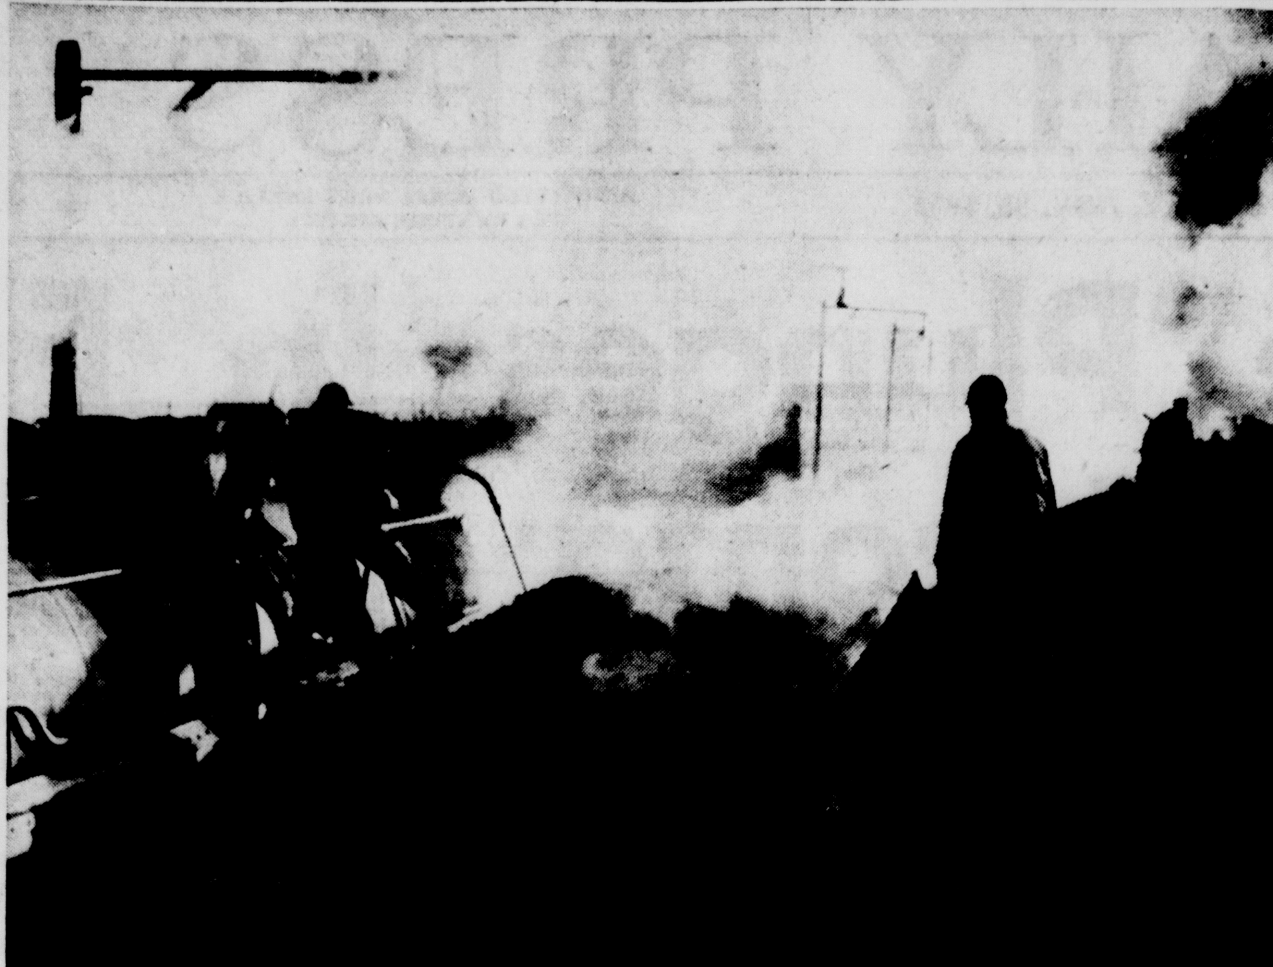

John Tocklin, 75, a Danforth resident for the past 40 years, was found dead in his home on the Nels Johnson farm early this morning. Cause of death was conjectured to have been a heart attack.

Coroner Thomas McInerney estimated during examination that Tocklin had been dead for approximately 24 hours.

The body of the dead man was discovered by Johnson at about 8:30 a. m. today. He was found, partially unclothed, lying in bed, it was reported by Sheriff William E. Miron.

He was born in Norland, Sweden, Nov. 22, 1867. One immediate survivor, a brother, is believed to be living in Sweden.

The body was taken to the Anderson Funeral Home. Funeral arrangements are incomplete.

**COLD WEATHER** has caused the Chicago and North Western Railroad to resume the thawing of iron ore. The ore is thawed with steam and hot water, through tubes pushed deep into the ore cars. The thawing operations are shown here in a picture taken this morning at the C&NW ore docks. (Daily Press Photo)

## Escanaba Group Presents Play at Rapid River Meeting

**RAPID RIVER**—The Rapid River Parent Teachers Association met Tuesday evening at the High School. As part of the program the Escanaba High School dramatic group presented a playlet called "High Pressure Area" under the direction of John Romstead, dramatic coach. The play was very well given. After the play a discussion was held, led by Mrs. Murray Cole.

The group voted to again purchase pop corn balls for the Christmas party to be held at the school for the youngsters. Lunch was served by the following committee, Mrs. John Majestic, Mrs. Matt Majestic, Mrs. Robert Olson, Mrs. Alec Lundberg and Mrs. Glen Lundin. There will be no meeting in December due to the Christmas program that is always held at school.

School will be resumed again Monday after being closed for the Thanksgiving holiday.

The American ivory-billed woodpecker, long believed to be extinct has been found to be still living in Florida and a reservation has been set aside to preserve the species.

## Mrs. Jay Pearce Killed In Crash

HOUGHTON—Mrs. Jay Pearce, 60, of Chassell, prominent Hancock businesswoman and mother of Mrs. Guy Traverse, Escanaba, was killed in an automobile accident 1 1/2 miles south of Houghton on US-41 at 11:15 last night.

Her husband, Jay, 67, and six others were seriously injured in the head-on collision of two automobiles. All of the injured were taken to St. Joseph's Medical Center in Hancock.

Mr. Pearce sustained severe chest injuries and internal injuries. Mrs. Pearce sustained a fractured skull, two fractured legs and other injuries. She was dead upon arrival at the hospital.

Others who were injured are: Mrs. Mattie Gray, 65, Chassell; Miss Jessie Cameron, 68, Houghton, passengers in the Pearce car. John E. Kemppainen; his wife, Viola; Mrs. Miriam Sauvola and Fred Sauvola, all of Chassell, passengers in the Kemppainen car.

The extent of the injuries of those taken to the hospital had not been determined this morning but the hospital reported that Pearce and Fred Sauvola were the most seriously injured.

Cars driven by Pearce and Kemppainen collided on a slight curve in the highway.

Mr. and Mrs. Pearce are well known in Escanaba, having visited here frequently with their daughter and son-in-law.

Mrs. Pearce was proprietor of the City Drug Store in Hancock and her husband is a former sheriff of Houghton County.

Mr. and Mrs. Traverse and son, Bruce, left this morning for Hancock.

A son, Fred Durchman, of Wyandotte, who has been hunting in the Copper Country, also survives.

## Work of Escanaba Elks Lodge Praised By District Deputy

High praise for the work of the Escanaba Elks lodge and its officers was voiced Wednesday night by James Collins of Iron River, district deputy grand exalted ruler, who was a guest of Escanaba Lodge 354 for annual inspection.

District Deputy Collins was introduced at a venison dinner, which opened the local Elks gathering, by James Ferguson, exalted ruler of the Escanaba lodge. At a regular meeting following the banquet, the district deputy observed initiatory work conducted by officers of the local lodge during which a class of 21 new members was inducted.

A new streamlined initiation ceremony recently adopted by the B.P.O. Elks was used for the first time by the Escanaba initiatory team, and in brief talk after the ceremony Deputy Collins commented:

"This is the best I've seen." He also commended the Escanaba lodge secretary, W. J. Lavette, for the excellent condition

**PORKY BUCK** — A pig with horns was the prize for unsuccessful hunters in the Red Jacket Jamboree. It was won by Mrs. O'Connell, Highland Park, Mich. Casimir Milkiewicz is shown here carrying the trophy at the weighing station. North Side merchants who donated the trophy said that the porky buck solves the problem of mixing pork with venison.

## Chairman Asks Chest Cleanup

Receipt of \$361.85 from Chicago and North Western Railway company employees boosted Escanaba's Community Chest total to \$13,070.14

### THANKS WORKERS

"I'd like to take this means of thanking all committee chairmen and solicitors who helped to make the Community Chest campaign in Escanaba a success," Bruce Brackett, Escanaba city chairman said this morning. "Thanks to their conscientious work, Escanaba is well over its quota."

The drive is still not completed in five townships and in Gladstone and only minor cleanup work remains here.

but additional contributions from Gladstone and five townships must be received if the Delta County Community Chest goal of \$20,000 is to be reached.

George C. Stuart, superintendent of the C. & N. W. in Escanaba, reported to the Chest headquarters here yesterday that collections among C. & N. W. employees had been collected. The figure \$361.85 represented approximately \$125

of local lodge records. A record crowd attended the Wednesday night meeting.

more than was collected last year.

Dr. A. A. Gossan, county campaign chairman, said he expected that much of the work had been completed in Gladstone and the five remaining townships but that reports had not yet been made.

"I earnestly request all chairmen to complete their work by the end of November," the county chairman said.

In addition to the C. & N. W. report, contributions were received yesterday from the DAV Auxiliary and city employees. Many clubs and civic, service and fraternal organizations have not yet made a donation but are expected to do so this week. Some unions and industries also are among those missing.

The Pennsylvania Dutch came originally not from the Netherlands, but from Switzerland and the Rhineland. The name "Dutch", notes the National Geographic Society, is a corruption of the German word Deutsch, meaning German.

## Three Brothers Held For Carrying Concealed Weapons

Three brothers were arrested Thanksgiving Day by Michigan State Police of the Gladstone detachment on a charge of carrying concealed weapons.

They are Carl Sundling, 35, and Richard Sundling, 29, of Chicago and Harry E. Sundling, 28, of Mantua, O. The men are being held in Delta County jail while state police check other states to determine if the men are wanted.

The Sundlings were arrested yesterday after their car, which carried an Ohio license, was checked as police searched for thieves who stole a case of whiskey and a case of wine from a C. & N. W. car in Escanaba Tuesday night. An Ohio car had been reported in the area at the time of the theft.

Police report they found a fully loaded automatic pistol in the glove compartment of the car, owned by Harry Sundling, and an-

## Briefly Told

**Attends Meeting** — Russell L. Johnson, engineer for the Michigan department of health office here, has returned from Lansing, where he attended meetings of the membership committee of the Michigan Public Health association. He left Monday.

**Motorist Ticketed** — John T. Miller of Rapid River was ticketed by Escanaba police at 12:29 a.m. yesterday for improper passing after the car he was driving side-swiped an auto driven by Warren T. Tolman, 625 North 16th St. The accident occurred at Fifth Avenue and Stephenson.

**Christmas Checks** — The Escanaba National Bank will send \$80-

other fully loaded pistol on Richard Sundling.

Harry and Carl Sundling came to this area Nov. 14 and were joined here Nov. 26 by Richard, police report. They are former residents of Isabella, Rte. 1.

837 to about 600 Christmas club members, it is reported today. The figure is \$6,000 greater than the total reported in Wednesday's story on Christmas savings. Escanaba banks will distribute a total of \$253,685.35 in Christmas savings to about 3100 Delta County persons this year.

**Cars Collide** — Cars driven by Miss Constance Gallagher, 1800 Ludington, and James McDonald, Gladstone, collided on Lake Shore Drive at 5 p.m. yesterday when the Gallagher car skidded in attempting to pass and then ran off the road and struck a tree. No one was injured. Miss Gallagher was ticketed for failure to have her car under control.

The event will take the place of the regular Thursday night rehearsal.

## Jesse Valentine, Former Resident, Dies At Age 92

Jesse Valentine, 92, former Escanaba resident, died Saturday in Los Angeles, Calif., as the result of a stroke and heart attack suffered last week.

Mr. Valentine left Escanaba in 1932 and has resided in California since that time. He was born Dec. 30, 1859, in Rouses Point, N. Y. He moved to Grand Rapids as a young man and entered the grocery business. He later came to Escanaba and was employed by the Chicago & Northwestern Railroad Co. in the supply office.

Services were held for Mr. Valentine Monday in Los Angeles. He leaves two daughters, Mrs.

sal of the Escanaba SPEBSQSA chapter. No practice session was held this week because of the Thanksgiving holiday, but the regular schedule will be resumed next week.

John Lang and Mrs. Harry Tubley in Los Angeles, a brother John in Newton, Mass., and two sisters, Miss Cora Valentine and Mrs. John Oliver of Escanaba.

## With The Deer Hunters

Successful Perkins hunters include Alex LaChance, who shot a 14-pointer; Joe Decremmer, who got an 8-point buck; Marion Miller of Jackson, Mich., who bagged a 12-point buck; Floyd Perrien of Jackson, who has a 10-pointer, and Robert Blubaugh of Plymouth, Ind. Out-of-town hunters still at Perkins seeking their bucks are Arnold Fredersen, Harold Anderson and Gordon Campbell, of Dwight, Ill.

During the warm season a movement of several feet per day of ice near the edge of a glacier would be considered rapid, says the National Geographic Society.

### Typical U. S. 'Liberal' Really A Reactionary In Liberal Garb

WITH practically everybody from the National Association of Manufacturers to Henry Wallace claiming to operate under the tent of liberalism, it wouldn't be easy to come up with a satisfying definition of it.

We're not going to try here, except to suggest it has something to do with a willingness to experiment, to embrace change, to keep mentally flexible, to seek new solutions aimed at human betterment.

It ought to be clear that if liberalism has any such meaning, it can't be properly applied to many groups which now appropriate the label. In this editorial we'll examine just one of those groups.

The people who rightfully belong in this particular group profess a wish to serve humanity, to support measures for the uplift of ordinary folk everywhere. This suggests an attitude of tolerance toward frailty, and a generous acceptance of many human viewpoints in considering solutions to problems.

Yet, in truth, a prime characteristic of the "liberals" we now have under the microscope is an attitude almost the exact opposite. These are the people who say they are for humanity, but who believe only one set of solutions—their own—is right. Thus there is only one good national health program, and if you are not for it, then, clearly, you are no friend of humanity.

The man who dares to oppose is measured by that fact alone, and excommunicated from the society of liberals. There is no real recognition that a man may oppose for many reasons—some of them possibly sound.

### There Aren't Enough Rich People!

IF you're still glib enough to believe that we can pay most or even a substantial part of the incredible cost of government by "soaking the rich," some facts that Senator Walter George presented in a Look magazine article will come as a rude awaker.

If Congress confiscated all taxable income over \$100,000, by imposing a flat 100 per cent tax at that level, the amount of additional revenue would be sufficient to operate the Federal government for four hours.

If all taxable income over \$26,000 were confiscated, the yield would run the government for three days.

If everything above \$10,000 was taken in toto by the tax collector, it would pay the government's bills for 16 days.

Finally, if Congress shot the works by imposing a 100 per cent tax on all income above \$8,000, the additional revenue would keep the government going for 22 days.

This being true, who must pay the great bulk of the government's spending—and who must pay almost all of future tax increases if they come? The answer is, people of small and moderate means—the people who work for wages and modest salaries, the people who have little businesses, the people who represent the majority of America's population and are the backbone of America's strength.

They must pay it for the simple reason that no one else can. There just aren't enough "rich" to make a dent in the spending!

### The Doctor Says... Untreated Varicose Veins Can Bring on Painful Ulcers

By EDWIN P. JORDAN, M. D. — Written for NEA Service

A correspondent writes that she is 39 years old and is now in her fifth pregnancy and is terribly troubled with varicose veins which she has never had before. Elastic stockings, she says, help only a little.

It is certainly possible that the enlarged veins in such a case are not true varicose veins, but are the result of the pregnancy. At any rate, most doctors would probably advise her not to do anything about it until after the pregnancy is over since they might get much better.

But varicose veins and varicose ulcers do cause an enormous amount of distress both physically and because of their appearance to many people as they grow older.

Varicose veins do not produce pain or discomfort unless they are inflamed, but such veins are more likely to be inflamed than normal ones.

Those who have varicose veins are more likely to have swollen feet or ankles than those with normal veins. Also, the poor circulation can produce ulcers. These ulcers sometimes become enormous, causing destruction of the skin and large open sores.

Everyone is born with folds or valves in their veins which carry the flow of blood upward. These valves prevent the blood from falling back and help to hold up the

There is really not a great gap between this kind of thinking and the scorn the Russian Communist regular heaps upon the "deviationist." These so-called liberals do much prating about the patness of other peoples' thinking. Actually, they themselves treasure conformity dearly.

Inflexibility of mind, the very reverse of the mark the genuine liberal bears, is the stamp that shows most strikingly among them.

With their minds held rigid by the plaster cast of conformity, these people progress naturally to the assumption that all good resides in one political party. They extol the two-party system, but they never want anybody to vote for the other party. Theirs is the party of purest principle, while the opposition has succumbed totally to expediency.

To people like this, the vote of the American electorate on Nov. 4 was just short of a disaster. They have a one-party mentality in a two-party country.

Are they liberals? Obviously not. They are really reactionaries—in this case, the reactionaries of the left. And they are no more help to us than the other kind.

### How About It, Nature?

IF profits are evil, somebody ought to speak sharply to nature!

That is the theme of a striking advertisement which a machinery manufacturer recently ran in a business magazine.

It pointed out that "The very existence of the world depends on profits; the improvement of the world depends on big profits," and used agriculture as an illustration. A farmer plants one potato and gets back about 15— for a profit of more than 1,000 per cent. He plants a pound of corn and gets back 336 pounds— for a profit of 33,600 per cent. "To legislate against profits is as silly as to legislate against things growing," the advertisement said in conclusion.

Moreover, there has been a great deal of misrepresentation and exaggeration of the profits earned by our typical businesses. In case after case they are lower—very much lower—than the left-wingers and the other enemies of free enterprise want us to believe. A good current example is the meat industry, which has come in for much criticism because of the price we pay for its products. On the average the profit earned by the meat packers has been running at substantially less than one cent out of each dollar of sales. Certainly, this is as low as profit can get and still exist. Actually, in the case of the packers, profits have been so small as to stand in the way of needed plant expansion programs.

In any event, those who denounce profits as evil fly in the face of history and of fact. Profit — or the hope of profits—make men take chances and create jobs and opportunities. Profits—or the hope of profits—were and are a basic element in creating and maintaining our living standards. Profits—or the hope of profits—are a cornerstone of our strength and vigor as a free nation in a world of conflict.

## Merry-Go-Round

By DREW PEARSON

WASHINGTON—Some of the commentators covering Ike may not realize it, but they have been watching the wrong king-maker around the president-elect. For the man who had the biggest voice in selecting Ike's cabinet was not Governor Dewey nor Senator Taft, but the former American commander of Berlin—Gen. Lucius Clay.

While Ike was puzzling over his future cabinet at Augusta, Ga., Clay was attending a meeting of big industrialists not far away at Sea Island, Ga. Throughout the conference, Clay shuttled back and forth between Augusta and Sea Island, huddling first with Eisenhower, then putting his head together with the industrialists, then slipping back to see Eisenhower again.

It was at Sea Island that Clay first approached General Motors' big boss, Charlie Wilson, and asked him how he would like to be secretary of defense. Clay also picked the new secretary of the treasury, steel mogul George Humphrey, who hails from Ohio but was not recommended by Taft. The man Taft suggested to Eisenhower for the treasury post was Senator Byrd of Virginia.

Even Ike's new secretary of state, John Foster Dulles, though hailed as Dewey's choice, actually was recommended by Clay. Inside story is that the ex-military boss of Berlin has turned into a conservative big businessman since he doffed his army uniform and settled down in Wall Street as board chairman of Continental Can.

When Clay recommended Dulles as secretary of state, however, even Senator Taft, the champion of the conservatives, was privately delighted. One of Taft's "ex-campaign managers" told this column "Dulles is now much closer to Taft than Dewey."

### CLAY'S PREDICTION

At the Sea Island meeting of industrialists, General Clay spoke little officially, mingled much with business leaders. Taking the rostrum for one off-the-record, eight-minute talk, Clay cautiously predicted:

"I cannot speak for General Eisenhower, but I believe it is the general's understanding that defense spending will continue at the present high rate for at least another year."

He explained that the money was already committed, could not be cut down. However, he promised that the new appropriations would be "lessened," permitting "some tax cuts not too far away."

He warned that the years ahead would be serious, but better years for business.

### TRUMAN COOLS

Supreme Court Justice Tom Clark, once the favorite of President Truman, is favorite no more. A year ago he was invited to sit in the President's box at the Army-Navy game. But not today.

Reason for the coolness is Clark's opinion against the government in the White House seizure of the steel industry during the steel strike. Clark, who had been lifted from relative obscurity to be Truman's attorney general and later Supreme Court justice, held that Truman's action against the steel industry was illegal.

Since then the President has remarked that Clark's opinion "appealed to Stalin more than it did for me."

"He is the sourest lemon," says the President, "that Bob Hannegan dropped in my lap."

### IKE'S PRESS CONFERENCES

The question of whether Eisenhower will continue the present system of press conferences came up inadvertently at Mamie's recent birthday party at which several newsmen were present.

Merriman Smith, who has covered the White House for years, inquired of the general: "May I ask an unsocial question?"

Eisenhower nodded assent. "Are you going to hold regular press conferences?"

"I have thought over a lot of problems," Eisenhower replied, "but I just haven't got around to that one yet."

At this point Ed Folliard, veteran White House correspondent for the Washington Post, which is pro-Eisenhower, asked:

"Haven't you held press conferences in Paris where you made a statement with the understanding that no questions were to be asked?"

Eisenhower said he couldn't remember any such conferences.

Folliard went on to recall that Eisenhower had held press conferences of this nature at Paris during the war, but Eisenhower countered that Lord Tedder of the British Royal Air Force had once attended one of his conferences at the Hotel Scribe, and remarked afterward on the free exchange of questions.

Eisenhower went on to say that he doesn't like to hold press conferences unless he has something to say.

Finally, Jim Hagerly interrupted to suggest that the conversation return to a purely social basis.

### Price Of Treason:

## History To Recount The Infamy Of Julius And Ethel Rosenberg

By WARD CANNEL  
NEA Staff Correspondent  
(In Two Parts)

NEW YORK—(NEA)—"Plain, deliberate, contemplated murder," the judge began, "is dwarfed in magnitude by comparison with the crime you have committed."

So declared Federal Judge Irving Kaufman on April 5, 1951. He made it quite clear to spectators, moustached Julius Rosenberg and his thin-lipped wife, Ethel, that there was no reason for mercy.

The sentence of the court was death. And for their crime of treason against the United States—stealing atomic secrets for Russia—the Rosenbergs were doomed to the electric chair.

Their doom was upheld by the Court of Appeals. And the Supreme Court, not once, but twice, refused to intervene in the decision.

Never before had any American court handed down a death penalty in peacetime for wartime espionage. Nor had any American civil court ever—in peace or war—handed down a death judgment against spies. Even in dooming Ethel Rosenberg, American justice was breaking a 90-year-old precedent of sparing women spies.

From the beginning, the case—like the judgment—was enormous in its reach. There was, first the complication of time. The Grand Jury's indictment charged the Rosenbergs with giving atomic secrets to the Russians between 1944 and 1946. And though the crime was committed when Russia had been an American ally, by trial time the two nations were antagonists.

The case was further involved by the national boundaries it crossed. Strands of the gigantic espionage web were anchored in Los Alamos, Canada, New York, London, Mexico City, Albuquerque, and Moscow.

The net also involved important names: physicists Allan Nunn May

SPLITTING THE ATOM SPIES: A wire screen separates Julius Rosenberg and his wife, Ethel, as they ride away from Federal Court in a prison van after being found guilty in March, 1951.

and Klaus Fuchs, a member of the British Atomic Energy Commission. And such unlikely names as "Dave from Pittsburgh" and "The Lone Ranger."

The name of Rosenberg did not appear until long after the Russians exploded their atomic bomb in September, 1949. Even then atomic experts were wondering why the Reds had waited so long.

A year earlier it had become apparent that "the world's best kept secret" had been exposed. The Kremlin knew more about atomic energy than all but a handful of men among the democracies.

The FBI was called in to trace what looked like espionage. They constructed a mythical spy. He was high up in the atomic bomb organization. He had access to American and British information. He was a scientist.

The trail led to London. And within months they had nailed Dr. Klaus Fuchs. Gnawed by conscience, he confessed quickly. But he had been merely an idealist serving a cause. He knew no names. Not even that of his colleague, Allan Nunn May, who had been sharing secrets with the Reds, too.

But Fuchs could identify the courier who had picked up the information. Not the fellow's name, but enough to make it easy for the FBI in New York to arrest Harry Gold.

Under aliases and with plenty of Russian-supplied money, Gold had been liaison man for the

## Good Evening...

By CLINT DUNATHAN

FOR THANKSGIVING—This is the day after Thanksgiving Day and the opportunity for a resume of all the things we have to be thankful for.

It is not our intention to stick to the traditional Thanksgiving Day exposition of the value of roast turkey, pumpkin pie and savory stuffing. We will recount, for the benefit of those who want to read, that the world is not in such a bad case after all.

For one thing, the war with Russia, so long predicted, has not come off. And in the minds of many statesmen and military leaders it is less likely to happen now than a few years ago, when the militarists were building up their ego and their arms to save the world from the Communists.

Not that Communism is not a threat—but the method of aggression is recognized more as one of infiltration and subversion rather than bombs and bullets.

THE SAFETY VALVE — Let us be thankful for the United Nations.

The world and its people at this time have at long last found representation in a debating society where persuasion rather than force decide the victor and the defeated.

The United Nations may fail in the attaining the ideal of world peace, but to this point it has not failed in standing for the right against the wrong, in defending the peace against the unpeaceful.

Communism has its say—and so do the democracies. The war in Korea drags on—but it is not ignored and efforts are being made to bring it to an end.

There is a hope of safety for the world as shouted threats are heard in the assembly of nations rather than in the separate capitals of the nations. For in the United Nations there is less suspicion and more understanding than even the diplomats will concede.

If this were not so there would be less freedom of expression. A cold and unspoken hatred would prevail. And so far no nation has found it wise to relinquish its membership to pursue a lonely and hostile course.

PLACE TO LIVE—A blessing to be counted is that of living in a world where—for the most part—the people have leaders who are sincerely interested in making this a better world in which to live.

The exceptions are notable and known, and uneasy are the heads who rule in countries where dictatorship—however benevolent in intention—must assume sole responsibility for the national course.

Peron in Argentina. Stalin in Russia. Franco in Spain must feel the intensity of world displeasure, the rumblings of domestic discontent, the unrest presaging revolution.

But they are the exceptions, and even the most primitive peoples, such as the Negroes of South Africa who are now the victims of discrimination and oppression know they have friends around the world who are working in their behalf.

WORLD IS WAITING — At this Thanksgiving time there is a feeling of expectancy among the people of this and other nations of the world.

The world is waiting for big things to come out of the developments of world peace machinery. The hope and the expectations will never die. There have been failures in the past. Present efforts may fail. But the ideal of peace is forever beckoning.

We can be thankful, therefore, that we live in a world where men seek to live in peace with their fellowmen.

We can be thankful that the old order of might makes right and to the victor belongs the spoils is a fading into the unhappy memory of earlier and less civilized times. For although wars exist they are not condoned; for although armed might is necessary it is not held to be the answer to the search for peace.

And we can be thankful for the growing feeling of one-worldism among the people of the world. There is no division of thought on the necessity for peace, but only in the method of achieving it.

Out of these desires and hopes and aspirations will come—sometime—the day of real thanksgiving for all men.

## Power With Words

By Dr. C. E. Funk

Once I received a letter from a man who was all hot and bothered over the fact that almost every one of us misplaces the word only at least once every time we speak. Yes, if we spoke according to exact rule, I suppose we do. Here is a list of sentences to demonstrate how the meaning changes according to the position of this little word:

"Only he killed his wife"; that is, no one assisted him.

"He only killed his wife"; that is, he was alone in the killing.

"He killed only his wife"; he killed no one else but her.

"He killed his only wife"; he was not a bigamist and had but one.

"He killed his wife only"; again, he killed no one else.

Each of these sentences makes sense, and could be correctly used under the circumstances indicated by the position of the word or the stress on another word. But of course these are extreme examples, giving force to the general rule that only should be placed next to the word that it qualifies.

Actually, we pay very little attention to that rule in ordinary conversation. One's tone of voice or accent indicates the meaning. Thus when one says, "I only gave him fifty cents," the stress on "cents" shows that the amount given was no more than fifty cents. But it is in one's writing that care must be shown. The sentence, "I only gave him fifty cents," could mean that the speaker was alone in giving that amount.

The one rule that should be observed in speaking or writing is to avoid the danger of being misunderstood. The first sentence in the list can't be misunderstood, because only can refer to nothing else but "he," and, similarly, the last one can't be misunderstood, nor can the fourth. But the second and third could be, especially in writing.

LIAISON MAN: "Dave from Pittsburgh" named as Harry Gold.

### Miss O'Connell Will Be Bride In Church Ceremony

### Anita M. Jackson Bride, Wedding In Mt. Pleasant

Miss Anita M. Jackson, daughter of Mr. and Mrs. Arthur Jackson of Wells and Darrel L. Dutcher of Mt. Pleasant, a son of Mr. and Mrs. Roy Dutcher, exchanged marriage vows in a ceremony Nov. 16 at 2 p. m. at the Seventh Day Adventist Church in Mt. Pleasant. Elder R. O. Stone solemnized the candlelight service, assisted by Elder Clough.

Baskets of mums, holly berry and palms were arranged in the setting for the service and white bells and other bridal decorations were used in the church parlors where the reception was held.

The bride wore a gown of white slipper satin with a net yoke with lace trim, tapering sleeves and a long train. Her veil of nylon net was caught to a braid of velvet. She carried an orchid on a white Bible.

**Bridal Attendants**  
Mrs. Aletha Dutcher of Mt. Pleasant, was matron of honor and Miss Carolyn Oliver of Escanaba was bridesmaid. Best man was Robert Kuhns of Berrien Springs and groomsmen were Duane Dutcher.

The matron of honor wore green satin and the bridesmaid was in gold satin. They carried miniature bouquets of white mums.

Joyce Jackson of Wells, the bride's only sister, was flower girl. She wore white nylon net over white taffeta and a bouquet of satin and net and she carried white mums.

Mrs. Jackson wore a beige ensemble for her daughter's wedding and Mrs. Dutcher was in brown.

### Laverne Buckland Is the Bride of John McGeary

Miss Laverne Mae Buckland, daughter of Mr. and Mrs. Carl I. Buckland of Cornell and John McGeary of Gladstone were united in marriage at a candlelight ceremony Nov. 22 at 4 p. m. at Memorial Methodist Church in Gladstone. The Rev. Melton Crawford read the service before an altar decorated with yellow and white mums and white candles.

Mrs. Allan Goodman, the bride's aunt, sang "I Love You Truly" and "Oh Sweet Mystery of Love." Mrs. Marvin Mylander, a cousin of the bride, was organist.

The bride wore white slipper satin, the net yoke of the gown edged with Chantilly lace. Lace and seed pearls formed the headpiece which held her veil of illusion. She carried white mums and pompons. Her attendants, Mrs. Sam Peterson, a sister, who was matron of honor, and Miss Carol Buckland and Mrs. Harold Breitzman, bridesmaids, wore golden yellow taffeta and carried bronze and gold mums.

Floyd Swift was best man for Mr. McGeary who is a son of senior John McGeary of Gladstone. Ralph McGeary, Harvey Rasmussen, Sam Peterson and Harold Duroy ushered.

Mrs. Buckland wore a dress of black crepe for her daughter's wedding and Mrs. McGeary wore a gray wool ensemble.

## ORDINANCE NO. 233

AN ORDINANCE TO APPROVE AND ADOPT A DETAILED AND PRECISE PLAN OF THE CITY OF ESCANABA, BOUNDED BY FIFTH (5th) AND EIGHTH (8th) AVENUES SOUTH, AND THE CENTER LINE OF THE ALLEY WEST OF NINETEENTH (19th) STREET AND TWENTY-THIRD (23rd) STREET SOUTH, AND TO PRESCRIBE REGULATIONS RESTRICTING THE ERECTION OF BUILDINGS OR STRUCTURES WITHIN THE AREA OF SAID PLAT, AND TO OTHERWISE LIMIT THE USE OF LAND THEREIN.

The City of Escanaba Ordains:

## CHAPTER I.

## Certification

Section 101. The City Planning Commission of the City of Escanaba, having made and certified to the City Council of the City of Escanaba a detailed and precise plat of the area bounded by Fifth and Eighth Avenues South, and the center line of the alley west of Nineteenth Street and Twenty-third Street South, pursuant to the provisions of said Public Act of 1943, and said plat having been found to have been lawfully made and adopted by said City Planning Commission, and that said plat complies with the provisions of said Act 222, it is hereby determined that said plat and the same is hereby approved and adopted as so certified.

## CHAPTER II.

## Area

Section 201. The lands and premises within the proposed outline of said plat are described as follows: That area enclosed within Fifth and Eighth Avenues South, and the center line of the alley west of Nineteenth Street and Twenty-third Street South.

## CHAPTER III.

## Time of Acquisition

Section 301. The estimated time period within which the land acquisition for public use indicated on the certified plat should be accomplished is hereby determined to be ten years from and after the effective date of this ordinance.

## CHAPTER IV.

## Building Restrictions

Section 401. On and after the effective date of this ordinance no permit shall be issued for the erection of any new, extended or widened street, avenue, place or other public way, or park, playground or other public ground, or extension thereof, on said certified and adopted plat, provided however, that the Zoning Board of the City of Escanaba, on appeal shall have power on appeal filed with it by the owner of such land to authorize the granting of a permit for the erection of a building or structure, or part thereof, within the lines of any such mapped street, park, playground, or other public ground, in any case in which such board finds, upon the evidence and arguments presented to it, that the proposed extension of the property of the appellant located as a whole, or in part, within the lines of such mapped street, park, playground, or other public ground cannot yield a reasonable return to the owner unless it be permitted to extend the same, and balancing the interest of the municipality in preserving the integrity of the adopted map, against the interest of the owner of the property in the use and benefits of his property, the granting of such permit is required by considerations of justice and equity. Before taking any such action, the Board of Appeals shall hold a public hearing on the proposed extension of the street, park, playground, or other public ground, and the time and place of which shall be given to the appellant by mail at the address specified by the applicant in his appeal petition. In the event that the Board of Appeals decides to authorize a building permit and erection, it shall have power to specify the exact location, ground area, height, and other details and condition of the structure, and construction, and also the duration of the building, structure, or part thereof to be permitted.

## CHAPTER V.

## Violations

Section 501. Any violation of this ordinance shall be deemed a misdemeanor, and any person violating any of the provisions hereof shall, upon conviction thereof, be punished by a fine not exceeding \$500.00, or by imprisonment in the county jail not exceeding 90 days, or by both fine and imprisonment in the discretion of the court.

## CHAPTER VI.

## Effective Date

Section 601. This ordinance shall be in full force and effect ten days after its passage and publication.

Approved: ROBERT E. LEMIRE, Mayor.

NOTICE OF PUBLIC HEARING.

Please take notice that the City Council will meet at its regular session in the council chambers of the city hall of Escanaba, Michigan, on the 4th day of December, 1952, at 8:00 p. m., and will consider and hear objections of any person or persons deeming himself aggrieved by the passage of the aforesaid ordinance.

# Several Guest Soloists To Appear With Choral Club Sunday, Dec. 14

(By Mrs. Marvin Frederickson)

Soloists are to be featured at the Manistique Choral Club's presentation of "The Messiah" Sunday, December 14, at 8:15 p. m. in the high school auditorium. Local and out of town soloists of repute will enhance the already fine program being prepared by the group. This year's concert promises to be better than ever and will include more group numbers than in the past.

J. Earl Cousineau, whose golden voice is well known to Manistique, will sing the tenor solos. He attended Illinois Wesleyan University, Bloomington, Ill. For three years he studied under Dean Arthur Westbrook and coached two years under Grace Grove, vocal coach out of Chicago. He sang four years in the Apollo Glee Club, four years in the A Capella Choir, and four years in the university chorus.

Prior to World War II, he studied for two years under Glenora Caton, Champaign, Ill.

**Soloist in Baltimore**

During the war, while stationed in Baltimore, Md., Mr. Cousineau was soloist with the Baltimore and Ohio Glee Club composed of over 100 men from all professions in that city. He did solo work for several leading churches in Baltimore. He was a regular soloist

for religious services at the base and aboard ship. He also entertained at service canteens.

Mrs. M. H. Garrard Jr., of Escanaba, contralto soloist, began studying music in Detroit, piano at the age of eight, and voice at 15. She received a degree from Michigan State Normal at Ypsilanti and also from Wayne University, Detroit. She studied privately with Elinor Peacock in Detroit.

Mrs. Garrard was supervisor of music in Dearborn for a number of years. She was contralto soloist at Central Woodward Christian Church in Detroit and also served as accompanist for the Detroit Conservatory Singers. Doing radio solo work in Detroit, she was also coach, arranger, and director of the Six Sunbeams, a double trio which appeared professionally in and around Metropolitan Detroit.

**In Escanaba Since 1946**

During the war she directed a chorus composed of officers' wives at Moore Field, Mission, Texas. She came to Escanaba in 1946. At present she is director of the Escanaba Orpheus Choral Club and the First Presbyterian Church choir.

Mrs. John B. Nicholson, Marquette, a nurse by profession and wife of Dr. John Nicholson, will be the soprano soloist. At the age of 15 she began vocal study. She worked in New York for two seasons with Frank Spier and Nina Elman and sang in Carl Mueller's Montclair A Capella choir. She spent four years in Maine studying with Marshall Bradford and Lottie MacLaughlin, understudy for Galli Curci. In Miami she studied with Dr. Arturo Filippi, director of the Miami Opera Company.

Roland Schwitzgaebel, baritone, is professor of social sciences at Northern Michigan College of Education, Marquette, and has an M. A. Degree from the University of Wisconsin, Madison. He spent nine years teaching music in Wisconsin high schools. His vocal training was supervised by Harriet Case, Paul McMains, and Tulla Miller, all of Chicago. Mr. Schwitzgaebel has given recitals at Rockford, Ill., and Beloit and Milwaukee, Wis. At present he is a soloist of St. Paul's Episcopal Church choir, Marquette.

**Studied in France**

Mrs. James H. Fyvie, completing her eighth year as director of the Choral Club, is well known in Manistique as an accomplished pianist and expert choral director. She was graduated from Olivet College, Olivet, Mich., where she studied under Samuel Robinson. Previous to this, she gave private lessons at the School for the Blind in Lansing and taught music in the Olivet public schools. She studied in France with Robert Cassadesus, renowned pianist at the American Conservatoire at Fountainebleau, France.

Mrs. John Orr, of Manistique, Choral Club accompanist, began musical study at the age of seven in India. When 10 years old, she was taken to England where she continued piano study and passed examinations set by the Royal Academy of Music. After World War II, she returned from Stockholm, where her father was assigned to the British Embassy, and resumed piano work with Professor Alfred Kleon, an Austrian refugee.

There will be no admission for the concert. Plates will be placed at the rear of the auditorium for voluntary gifts. Children who attend are requested to sit with their parents.

**Men's Corporate Service Sunday At St. Alban's Church**

The annual Men's Corporate Service will be held at 7:30 a. m. Sunday at St. Alban's Episcopal Church, it is announced by George Drew, lay minister.

A coffee hour in the rectory will follow the service. All men of the church and friends are invited.

MRS. GLENN P. HAGLE, of Pontiac, associate grand conductress of the Grand Chapter of Michigan, Order of the Eastern Star, will conduct a school of instruction at a meeting of Ida Chapter No. 54, OES, at 8 Saturday night.

## Slate 3-Day Mission Rally

A three-day missionary rally under the sponsorship of the Upper Michigan Baptist Conference will begin this evening at Bethel Baptist Church, it is announced by the Rev. Harold Martinson, pastor.

Speaker at tonight's service, scheduled for 7:30, will be the Rev. Franklin Nelson, who is here on furlough from his missionary field in Burma.

The speakers are part of a team conducting missionary conferences in the member churches of the U. P. district, the Rev. Martinson said.

## Social

**Pink and Blue Shower**

Mrs. Lloyd Johnson was guest at the pink and blue shower given Monday afternoon at the home of Mrs. Lyle Demers, 128 S. Fourth St. Following a 1 o'clock lunch served by the Coffee Club, the guests played games. Mrs. Donna Walker received the special award.

Mrs. Johnson received numerous gifts.

**Birthday Party**

Karen Sue, daughter of Mr. and Mrs. Richard Larson, 179 Maple Ave., observed her fifth birthday Saturday with a party at her home.

The afternoon was spent playing games with prizes being awarded to Jayne Swartstrom, Danny Tuftnell and Tommy Mercier.

A birthday luncheon was served later from a table centered with a lighted birthday cake and with individual lighted cakes and gum drop trees at each place.

Karen Sue received many gifts from her friends who were Kathie Jahn, Margaret Smith, Lois Kay and Ruth Ann Nelson. Sandy Jones, Jayne Swartstrom, Susan Basonic, Bobby Cowman, Tommy and Bobby Mercier and Danny Tuftnell.

## Stone Used To Save Tracks

Two carloads of stone consigned to Wisconsin paper mills were diverted off the Soo Line railroad Wednesday afternoon for use as rip rap to prevent high seas in Manistique harbor from washing away tracks leading to the Ann Arbor railroad carryway loading apron, it was announced by George Stephens, local superintendent for the Ann Arbor road.

Stephens said a 24-hour storm out of the south with winds of gale velocity had driven mountainous seas over the outside breakwater which were threatening to wash out approach tracks to the apron.

As an emergency measure, Stephens said, he had received permission to divert the rock shipments, totaling about 100 tons, to save the tracks from complete destruction by wave action.

Storm conditions over the upper portion of Lake Michigan were so violent Wednesday, Stephens said, that virtually all Ann Arbor ferries remained in port. Three of the boats were tied up in Frankfort, one in Kewanee and one in Manitowoc.

# Trojan Reserves Star In Win Over Broncos

The St. Joe Trojans ran up their second win of the new basketball season here Wednesday night, beating Bark River 71-54 in one of the most unusual games ever seen at Bonifas gym.

Coach Paul Wiinikainen's Broncos put up unexpected resistance in the first half and took the in-mission rest period with a one-point lead over Coach Tom St. Germain's regular starting five.

When the third quarter opened, Coach St. Germain threw an all-reserve team at the Broncos. The Trojan second team responded brilliantly and pulled out to a 46-39 lead at the end of the quarter. Only one member of the starting five got back in action in the third quarter.

**Little Rose Bowl Opponents On Tap**

PASADENA, Calif. (AP)—The Little Rose Bowl committee will make its selection next Sunday of the two junior college teams that will appear in the annual football game here Saturday, December 13.

East and West, the competition has narrowed to seven teams, with three of them in California. Only two of them, Bacone of Muskogee, Okla., and Hartnell of Salinas, Calif., came through the season without a defeat.

The others in the running are Compton, Calif.; El Camino of Los Angeles; Del Mar of Corpus Christi, Tex.; Hinds of Raymond, Miss.; and El Dorado, Kas.

**Miners Lose Second Straight Cage Start**

NEGAUNEE — The Negaunee Miners lost their second straight game of the season here Wednesday night, bowing to a potent Bessemer Speed Boy club by 48-42.

Paced by towering Tom Beissell (6 foot 7 inches), Bessemer scored first and led throughout the game by six to 10 points.

The Miners lost their first start to Ironwood last week.

Game officials were Ray Ranguette of Manistique and Dick Schram of Escanaba.

# Packers Fall To Lions 48-24 In NFL Contest

**By HARRY STAPLER**

DETROIT (AP)—A couple of pro football's story book players—Bobby Layne and Cloyce Box—were boosting the Detroit Lions nearer and nearer the National Football League. The Lions need only to win their remaining games against the Chicago Bears and Dallas Texans—the conference's weaker teams—to win the title, or at least a tie for it.

A few weeks ago the Lions were apparently washed out of the title race and were booed lustily by local fans. Yesterday they were cheered mightily by 39,101 fans who saw the Lions trounce the Green Bay Packers 48-24.

**Broke Tie**

The victory lifted the Lions into undisputed first place in the conference for the first time this season and broke a four-way tie with Green Bay, San Francisco and Los Angeles.

Layne continued to be unique among T-formation quarterbacks by his persistence in carrying the ball himself instead of passing.

He may end up among the ten rushing leaders in the NFL—he's in that circle now—and that would be almost unheard of. T-formation quarterbacks are nearly 100 per cent passers.

Yesterday he carried the ball more than any other Lion back (13 times), gained more yardage than any (63), had the longest gain (15). He has now gained 383 yards for the season.

**Three TD Passes**

Of course he didn't neglect his passing. He threw three touchdowns and gained 249 yards on 16 completions.

Box qualifies for the story-book

class because of a leg injury that hampered him. Operating at reduced efficiency, he still managed a series of dramatic over-the-shoulder catches and three of his catches went for touchdowns.

The Lions, a seven-to-ten point favorite, showed televisioners across the nation their explosive power by scoring 17 points in the final quarter. Until then the Packers had hovered about one touchdown off the Lion pace.

Detroit has now won seven of ten games. San Francisco and Los Angeles, with 6-3 marks, play each other Sunday and the winner moves in with Detroit at the top.

The club was to get a rest before resuming workouts in preparation for the Chicago Bears game here a week from Sunday, Dec. 7.

**Three Injuries**

Three players suffered minor physical setbacks yesterday—Byron Bailey, Bob Hoernschemeyer and Gus Ciffeli. But trainer Hugh Burns expected them to be ready for the Bears.

Pat Harder of the Lions and Bill Reichardt of Green Bay kicked 26 and 43 yards first period field goals to start the scoring spree.

The Lions recovered five first half fumbles and converted two of them into second period touchdowns.

After Thurman McGraw recovered on the nine, Layne passed to end Leon Hart for the remaining distance. After Yale Lary recovered on the Green Bay 43, Layne tossed a 33-yard scoring pass to Box.

The first touchdown was earned. Layne pitched 55 yards to Box, 16 to end Bill Swiacki and 10 to Hart to help move the ball to the

10. Then Layne hit Box in the end zone corner for nine yards.

**Role Connects**

With Layne carrying for two first downs and tossing passes to Girard and Harder, the Lions moved to the four in the third period Layne then lateralled to Hoernschemeyer, who flung a scoring pass to Box in the end zone.

The final period scores came on Harder's 26-yard field goal that followed a 41-yard kickoff return by Jack Christiansen, Harder's one yard plunge and sub quarterback Jim Hardy's six-yard pass to Hart in the end zone. Harder converted six times.

Green Bay's Tobin Rote, leading passer in the NFL, threw 6, 4, and 54 yards to end Bill Howton for two second period scores and another in the third. Reichardt's field goal carried 43 yards. Fred Cone converted three times.

PAT SHAW

# Manistique Halfback Alma's Most Valuable

Pat Shaw, Alma College senior from Manistique, was recently elected by his team mates as the most valuable player on the Scots grid team for the 1952 season.

Shaw is one of three Alma players who made the all-MIAA first team this year. He was placed at an offensive halfback position. An injury which prevented him from carrying the ball in Alma College's final game kept him from beating out Bob Naru as the team's top scorer.

He gained 376 yards rushing this season, maintaining an average of better than five yards per carry. In addition he caught four passes for 95 yards. He handled all kick-off duties and in nine games put 90 per cent of his kickoffs inside the opponents' 10 yard line.

Shaw was his fourth straight gridiron letter at Alma College after making the varsity team as a freshman.

The rip-roaring Manistique halfback was one of the Scots' hard-luck players this season. Against Adrian he had runs of 66 and 29 yards called back by penalties. Albion lost that game 14-0.

Lloyd Eaton, Alma coach, used Shaw on both offense and defense in his two-platoon system.

# Don Heinrich Eyes Records

SPOKANE, Wash. (AP)—Don Heinrich, whose football career at Washington has been full of dramatic moments, bows out of college competition Saturday as an Army private aiming at two individual titles.

Quarterback Heinrich will step out on the field against Washington State and:

1. Try to complete at least four passes to eclipse the current national leader, Tom O'Connell of Illinois who ended the season with 133 completions.

2. Try to beat out O'Connell and Ted Marchibroda of Detroit as the nation's total offense leader. O'Connell leads with 1,724. Marchibroda has 1,666 with a game against Houston Saturday. Heinrich has 1,506.

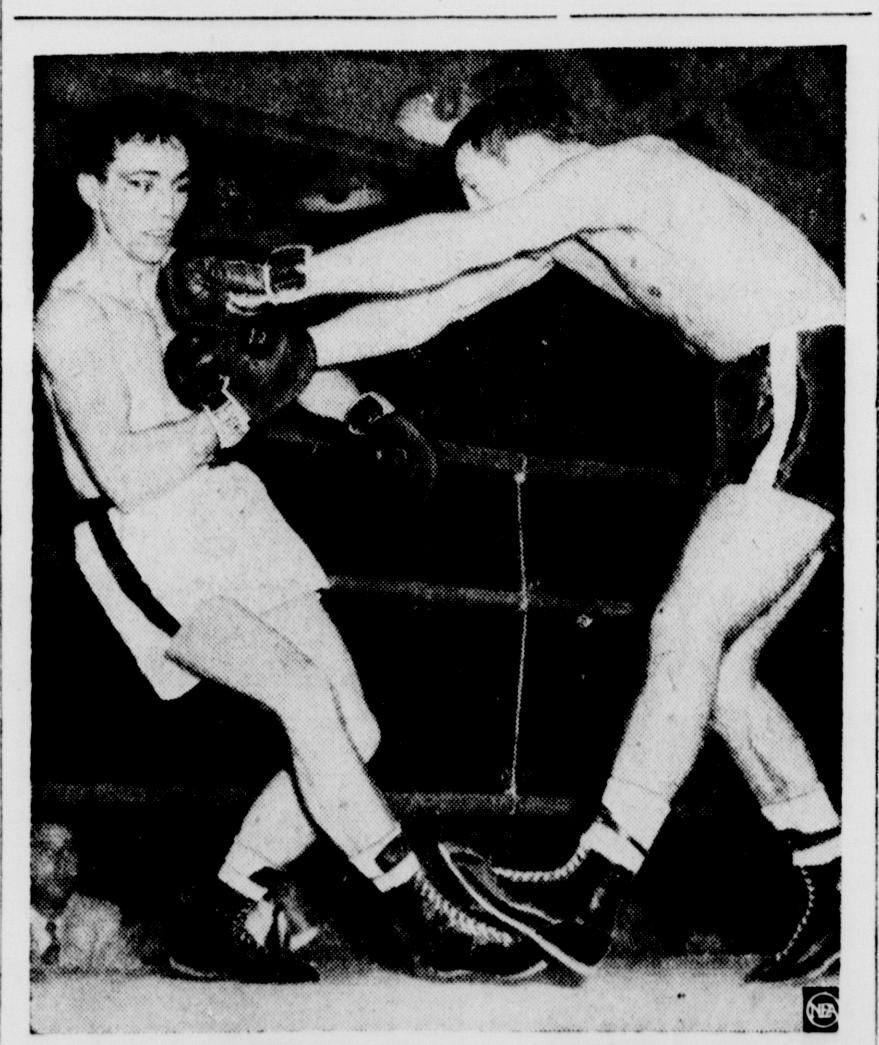

If the 22-year old Washington "arm" gets those four completions, he'll go back to the Army on Monday as the second player in history to win the passing title twice. Davey O'Brien of Texas Christian did it in 1937 and 1938. Heinrich won it first in 1950.

# Father Dies, Army Griddier Will Play

WASHINGTON (AP)—Bill Purdue, star of Army's upset football win over Pennsylvania two weeks ago, is going to play against Navy Saturday despite the death of his father Thursday.

"I feel dad would have wanted me to," Purdue said. "Mother told me that."

Bill's father, Brig. Gen. Branner Pace Purdue, 52, died of cancer at Walter Reed Hospital after an illness of three months.

**BIG PUSH**—Both arms extended, Rocky Castellani hardly brings back memories of the masters, but the Luzerne, Pa., middleweight went on from this four-round embarrassment to an easy 10-round victory over Hartford's Vic Cardelli at Brooklyn's Eastern Parkway Arena. The reopening of an old cut on the left eyelid, however, cost the winner a match with Joe Giardello at Madison Square Garden. (NEA Photo)

# Eskymos Resume Action In Home Stand Saturday Night

Escanaba's Eskymo cagers make their second start of the new basketball season tomorrow night at the Junior High gym, facing once-beaten Marinette in the 1952-53 home opener.

Coach Burt Gustafson's Eskymos, who lost to St. Joe in the first game of the year last week, took their final pre-game practice session this morning.

With the first game jitters out of their system the Eskymos are bent on spoiling Marinette's first cage visit to Escanaba. The Marines are new this season on the Eskymo schedule.

**Starters Not Set**

Escanaba's starting lineup is not yet set. Coach Gustafson said this morning. Fred Boddy gets the nod at center, John Peterson and Dick Peterson at forwards, and the guards will be selected from among Tom Gregoire, Jim Blum, George Bartley and Bill LeMire.

Dick Peterson suffered a dislocated thumb in practice this week and may see only limited action. Remainder of the players are in top physical shape.

The big battle for the Eskymos this season will be to overcome lack of playing experience. Only members of the squad who saw regular action last year are John Peterson and Boddy. Con Michael, letterman, is not yet available for action due to a football injury.

**Lost Opener**

Coach Bruce Basler's Marinette Marines opened the season with a 65-52 loss to Shawano, Wis., last week. Paul Thomsen, 6 foot 2 inch center, paced the Marinette team on the scoreboard with six baskets and four free throws. Don Lund, Tom Wallfred, Meyer and John Hanson will likely get starting assignments for the visitors.

The main game will get underway at 8:30. A preliminary game between the Bee teams of the two schools will open at 7.

Officials will be Ray Ranguette of Manistique and Norman Slough of Rapid River.

# Two of Three NHL Games End In Ties

(By The Associated Press)

There were two deadlocks in three National Hockey League games Thursday night making 14 ties in the 61 games played so far this year.

Chicago and Toronto tied 3-3 while Montreal and Detroit battled to a 2-2 deadlock. At Boston the Bruins defeated New York 3-1.

These results didn't alter the league standings. The Black Hawks continues to set the pace by four points with Toronto and Montreal deadlocked for second.

Detroit's Gordie Howe scored a freak goal early in the third period against the Canadiens. Skidding at balance on his hands and knees, Howe found the puck on his stick and flipped it past Gerry McNeil, Montreal goalie.

# Davey Denies Bout Set With Flanagan

LANSING (AP)—Welterweight Boxer Chuck Davey said in a sports program interview on radio station WILS last night that he had no plans to fight Dell Flanagan of Minneapolis.

Previously it had been reported that arrangements were being made for a Davey-Flanagan bout in Cleveland Dec. 10.

Interviewed by Dave Froh, sports editor of WILS, Davey said no contract had been signed for a fight with Flanagan. He added that he had been promised by Jim Norris, International Boxing Club manager, that his next bout would be with Kid Gavilan, the welterweight champion.

# Sport Shorties

UCLA's 1948 football team, after losing two of its first three games, won its last eight and allowed only five touchdowns during the streak.

George Mikan, regarded as the most outstanding pro basketball player in history, recently took his third Minnesota bar examination.

Assistant athletic director Lowry M. Stoops is beginning his 26th year on the staff at West Virginia University.

Alabama's Crimson Tide football team lost 508 yards on penalties in 1951. Their opponents lost 500 yards.

Sam Oosterhoudt, University of Florida senior halfback, became a father three days before the Florida-Citadel game this year.

During its 1952 meeting, Delaware Park had nine "million dollar" betting days. The highest handle was \$1,606,199.

Leo R. (Dutch) Meyer, head coach and athletic director of TCU, was once a mascot and water boy for the Horned Frogs before he entered high school.

In their first three games this season, Florida's Gators permitted one touchdown on an intercepted pass, two on forward passes, and none on running.

# Vagabonds List Spivey On Roster, Play Sunday At Hermansville's Gym

HERMANSVILLE—The Detroit Vagabonds carry the name of one of the nation's greatest cagers on its roster for the game here Sunday night.

Bill Spivey, former All-America from Kentucky University, has joined the Detroit team which is currently on tour in the Upper Peninsula.

Spivey, who was twice named All-American and was the recipient of the Helm's Foundation Award, was considered the top college player in the country when he was at Kentucky. The big boy stands an even seven feet and weighs 266 pounds.

Also with the Vagabond Kings this year is Gill Reichert, eight-foot-four-inch giant formerly with the Ringling Barnum and Bailey circus.

Steve Magula, former pro cager, is coach of the Vagabonds. Others listed on the roster are Graves Holloway, John Bosak, Steve Chubala, Fred Campbell and Mike Magula.

The Rodman Bar Foxes will provide the opposition.

The Detroit team will open its U. P. stand Saturday night at Negaunee and will play at Niagara Sunday afternoon. The game at Hermansville Sunday will begin at 8:15 (CST).

# State Prep Grid Teams Close Books For 1952

(By The Associated Press)

Michigan's 1952 high school football season came to a close with a series of traditional Thanksgiving Day battles.

Saginaw Arthur Hill edged Saginaw in a 14-12 thriller. Flint North blanked Flint Central 13-0. Grand Rapids Union made it 13-6 over Grand Rapids South for an upset win and Royal Oak took Birmingham 18-6.

None of the games made any difference in any of the prep league championship races.

**Late Win**

A 37-yard pass from halfback Russ Luplow to end Vic Lander-son gave Saginaw Arthur Hill its victory in the last two minutes of play in the 53rd annual Turkey Day game between the two schools.

Only minutes before Saginaw had completed a 64-yard scoring drive when Dick Ray went over on a line plunge, but the lead was short-lived. A crowd of 4,500 watched the close contest.

The Flint game drew 15,150 fans, and they saw Northern hang up its fifth consecutive victory in the city series. Len Burton drove over for one touchdown, and Jerry Miller passed 17 yards to Vic Csapo for the other score.

**May Be Finale**

Grand Rapids Union's victory may mark the end of that long series of Thanksgiving Day games. Faculty managers of the Union and South teams have said they will recommend that the game be part of the regular high school grid season, starting next year.

The game was witnessed by 1,200 fans.

Two fine touchdown runs by Dick Nash highlighted the Royal Oak victory over Birmingham. Nash carried the ball 27 yards for one score and 21 for another. Royal Oak's other TD in the game was witnessed by a crowd of 4,000 as scored by Jack Drawbaugh on a one-yard plunge.

Most Teams Wrap Up Season Saturday

College Grid Race Ending

By ORLO ROBERTSON  
NEW YORK (AP)—College football all but wraps up its thrill-packed 1952 season tomorrow with the traditional Army-Navy game and the final appearance of six bowl-bound teams heading a slim program.

There's a splattering of games scheduled for the next two Saturdays but this will be the final big splash before the gridiron sport ushers in the new year with the annual bowl classics.

A capacity crowd of 102,000, including President Truman, will sit in on the Army-Navy proceedings at Philadelphia's Municipal Stadium with the Middles favored to make it three straight over the Cadets but by no such margin as last year's 42-7 drubbing.

**1:30 Kickoff**  
The game, scheduled to start at 1:30 p.m., EST, will be televised on the nation-wide network of NBC. The telecast is scheduled to start at 1 p.m.

And if that is not enough football in one day for television's football fans, they can see the latter part of the Notre Dame-Southern California game at South Bend, Ind. It'll be beamed over the same air waves as soon as the final gun is sounded in Philadelphia. Starting time at South Bend is 2 p.m., EST.

Although five other bowl teams are scheduled for action it is the appearance of second ranked and unbeaten Southern California against seventh ranked Notre Dame that has caught the fancy of football fans. The West Coast Trojans, who'll represent the Pacific Coast Conference against Wisconsin in the Rose Bowl, are a one touchdown favorite.

**Bowl Favorites**  
The four Southeastern Conference teams which will be in bowl games are favored in traditional affairs. Georgia Tech and Mississippi, headed for the Sugar Bowl, meet Georgia and Mississippi State, respectively. Alabama, opponent of Syracuse in the Orange Bowl, takes on Auburn; and Tennessee, picked to meet Texas in the Cotton Bowl, tangles with Vanderbilt.

Tulsa's high scoring Golden Hurricane, who'll take on Florida in the Gator Bowl at Jacksonville, winds up the regular season against Texas Tech.

Also on the nation-wide program are such other traditional affairs as Boston College-Holy Cross, Oklahoma-Oklahoma Aggies, Fordham-New York University, Tulane-Louisiana State, Virginia-William and Mary, Texas Christian-Southern Methodist and Washington-Washington State.

The last conference races were decided yesterday as Pennsylvania took the Ivy League crown with a 14-7 decision over Cornell and Utah downed Utah State, 20-0, to win the Skyline title with a clean slate of five victories.

Texas, already winner of the Southwest Conference championship, warmed up for its Cotton Bowl engagement by downing the Texas Aggies, 21-12, in another traditional tilt. The victory gave the Longhorns a clean sweep in conference competition.

The first of the post-season bowl games also was played with East Tennessee State crushing Emory and Henry, 34-16, in the Burley Bowl at Johnson City, Tenn.

Miami (Ohio) University dropped out of the undefeated, untied group by losing to Cincinnati, 34-9.

In other top turkey day games, Colgate outscored Brown, 3-27. Virginia Tech defeated VMI, 26-7. Wyoming nosed out Denver 21-14 and Santa Clara turned back San Jose 15-7.

Red Wings Tie On Freak Goal

DETROIT (AP)—The Detroit Redwings capitalized on a freak scoring play in the final period of a Thanksgiving night hockey game to gain a 2-2 stand-off with the Montreal Canadiens.

The play, at 4:10 of the final period started with a 50 foot shot on goal by Metro Prystai. Gordie Howe, seconds before, slipped near the net falling on his hands and knees. The shot by Prystai struck Howe, flipped between his legs, and stopped short of the goal. Howe shoved the puck past an amazed Gerry McNeil, Canadian goalie.

A crowd of 13,247 saw the Wings continue their efforts to climb past the third place Canadiens. Detroit trailed 2-0 at the start of the final period.

Reg Sinclair scored the first Wing goal at 2:28 of the last period with assists by Ted Lindsay and Marcel Pronovost.

The goals by Sinclair and Howe offset Canadian goals by Dick Gamble in the second period and by Bert Olmstead in the third.

The game was a brilliant defensive battle with McNeil and Redwing net tender Terry Sawchuk each stopping 30 shots.

Navy Grid Record Is Good But Anything Can Happen

PHILADELPHIA (AP)—Navy brings its best football record since 1945 into the annual Army-Navy game at Municipal Stadium Saturday and Army brings one of its worst.

But it isn't even a cliché to say that anything can happen when the service academies meet on the football field. The series, which began in 1890, has an amazing history of upsets and unexpected happenings.

That's one reason why a capacity crowd of 102,000, including President Harry S. Truman, the high brass of both services, top

Washington officials and the fortunate few ordinary citizens able to buy tickets at \$6 a copy, will jam into the huge horseshoe in South Philadelphia to see the 53rd service game.

**Seek Third Straight**  
Countless others will watch it on nation-wide television or listen by radio. The game is scheduled for 12:30 p. m. (CST).

Navy, seeking its third straight victory over Army, has won five out of eight games this season, losing to Maryland and Notre Dame and tying Pennsylvania. The Army, recovering slowly from the cribbing scandal which wiped out its squad a little over a year ago, has won four games, lost three and tied one.

Odds-makers have established Navy a seven-point favorite. But a lot of the experts figure it as a toss-up. They can't forget that favored Army was upset, 14-12, in 1950 only a year after the same

Upset Fever Is High In Notre Dame Camp

By CHARLES CHAMBERLAIN  
SOUTH BEND, Ind. (AP)—Notre Dame's fearless wrecking crew will try to slay Southern California's defensive football giant Saturday and climax its season as the nation's No. 1 spoiler.

Upset fever is mounting in this gridiron empire like it did three weeks ago when the Fighting Irish toppled Oklahoma 27-21.

Tomorrow's contest, starting at 1 p.m. CST, will be viewed by a national TV audience following the Army-Navy game in Philadelphia that begins one half hour earlier. Officials of NBC, the outlet, estimate that about 35 minutes of the game will be shown in the bob-tailed double-feature.

Oklahoma was one of three conference champions blasted from the undefeated ranks this season by the inspired underdog Irish.

Texas and Purdue also fell as Notre Dame fashioned its current record of six victories, two losses (to Michigan State and Pittsburgh) and a tie, with Penn. the Ivy League titlist. Other Notre Dame victims were North Carolina, Navy and Iowa.

Unbeaten Southern California, the Pacific Coast Conference's Rose Bowl hope against the Big Ten's Wisconsin on Jan. 1, has a nine game winning string. The Trojans, ranked No. 2 nationally to No. 7 for the Irish, haven't lost since Notre Dame spilled them 19 to 12 last year.

By defeating Notre Dame, the men of Troy can register their first unbeaten season since 1932, when they shut out the Irish 13-0. They are one touchdown favorites.

The game Saturday is the 24th between the two schools. It marks the first appearance of the Trojans at Notre Dame since 1949 when the Irish smashed to a 32-0

Lions Break Tie; Texans Snare Win

By BEN OLAN  
NEW YORK (AP)—Thanks to the Detroit Lions the National Football League has an undisputed leader today.

The Lions upended Green Bay 48-24 in a Thanksgiving Day game yesterday to give them sole possession of the national conference's No. 1 spot. But they'll occupy that lofty perch alone for only a couple of games.

The San Francisco 49ers and the Los Angeles Rams, each only a half game behind Detroit, tangle in the former city Sunday and the winner will climb back into a tie with the Lions.

**Another Knot**  
The existing three-way tie between Cleveland, New York and Philadelphia in the American conference can also be broken this weekend when the Browns tangle with the Washington Redskins, the Giants take on the Pittsburgh Steelers and the Eagles engage the Chicago Cardinals.

Quarterback Bobby Layne tossed three touchdown passes as the Lions iced the game with 17 points against the Packers in the final period. Layne completed 16 of 30 aeriels for 249 yards and ran the ball 13 times for 63 yards.

Green Bay fumbled five times in the first half with Detroit recovering each time. Two of the bobbles were converted into scores. Tobin Rote kept the Packers in the ball game by firing three touchdown passes to end Bill Howton.

**Texans Win**  
The Lions got their clinching points in the fourth quarter when Pat Harder kicked a 26-yard field goal. Moments later, Layne passed 22 yards to Cloyce Box on the three and Harder went across for the tally.

At Akron, O. the orphaned Dallas Texans won their first league game by upsetting the Chicago Bears 27-23. Frank Tripucka, with only 34 seconds left in the game, plunged over from the one.

Dallas, leading by 18 points at one time, found themselves trailing by a three point margin in the fourth quarter. Led by Tripucka, who completed 16 of 26 passes, they started a 75-yard march to the deciding touchdown.

## Heart Attack Fatal To Trenary Farmer

TRENARY—A heart attack caused the sudden death of Jacob Seppe, 64, at his farm home near Trenary at 10 o'clock Tuesday night. He had resided there 47 years. He had been a clerk in the Eben Co-Op store for some time.

Mr. Seppe was born Sept. 15, 1888, in Finland and came to Trenary direct from there in 1905. Surviving are his wife Maria; 2

daughters, Miss Helvi Seppa, of Battle Creek, and Mrs. Martha Laurich, Detroit; 2 sons, Alvar, who recently returned from military service in Korea and is now at home, and Arvo, of Jackson, Mich.; 3 sisters, Mina, Hannah and Helen, in Finland, and 2 grandchildren.

The body was brought to the Beaulieu funeral home at Munising where it will remain until the time of the funeral, set for 1 o'clock Saturday afternoon in the Trenary Methodist church. The Rev. Amos Marin will officiate. Burial will be in Pine Grove cemetery, Slapneck.

by the church choir at 8 p. m.—Rev. Wilbert Johnson, pastor.

## 1953 Licenses Will Go On Sale Here December 1

Vehicle license plates for 1953 go on sale here Monday, Dec. 1, at the branch department of state office, 710 Ludington street.

The new license plates are black with white numerals, Hugh Grow, branch manager, reports.

All cars, trucks, trailers and commercial vehicles must have the new plates by March 1.

A special half-year plate for owners of trailers and commercial vehicles whose license fee is in excess of \$50, this year is being issued to cover the period Nov. 15 to May 14 and May 15 to Nov. 14.

These are primarily for seasonal operators of heavy trucks and other commercial vehicles. They cannot be used for pick-ups, passenger cars or farm trailers, Grow reports.

Half-cost plates for cars and trucks, which have been available

since Oct. 1, will continue to be issued, but will not be "good" after Feb. 28.

During 1952, the branch office in Escanaba issued 7,603 plates for passenger cars. License plates also are sold at Rock, Garden and Gladstone.

Konya, Turkey, known as Iconium in the days of St. Paul, now has a population of more than 60,000, says the National Geographic Society.
